

**Name:** Dahlia A. Al-Obaidi

**Scientific Degree:** Lecturer, Ph.D

**E-mail:** dahliaalobedi@coeng.uobaghdad.edu.iq

**Profile:**

Dr. Dahlia A. Al-Obaidi received the B.Sc degree in Petroleum Engineering, the M.Sc and Ph.D degrees in Petroleum Engineering - reservoir engineering in 2000, 2009 and 2020, respectively, from the Department of Petroleum Engineering, University of Baghdad, Baghdad, Iraq. Since 2001 up to now, Dr. Dahlia is a Faculty Member in the Petroleum Engineering Department within the College of Engineering, University of Baghdad and has a scientific promotion to be a lecturer in reservoir engineering since 21/4/2015. She worked in the scientific affairs unit, College of Engineering, University of Baghdad from 2015 to 2019. Also, she was a Director of Postgraduate Study Affairs, College of Engineering, University of Baghdad from 2020 to 2022. Her research lines are in:-

- Enhanced Oil Recovery (EOR).
- Reservoir Simulation.
- Gas Injection.
- Reservoir Rock Properties.
- Reservoir Management.
- Optimization Methods.
