

Name: Husam Abduldaem Mohammed
Scientific Degree: Asst. Professor, PhD
E-mail: husam.a@coeng.uobaghdad.edu.iq

Profile:

Husam obtained his BSc in Electronic and Communication Engineering (1996) and his MSc. in Laser Applications in Electronic and Communication Engineering (2001) from Baghdad University. In 2002, Mr. Husam joined the College of Engineering\ University of Baghdad up to now. He obtained his Ph. D. degree in the Photonic Engineering field in the Department of Computer and Communication Engineering, Universiti Putra Malaysia in 2018. Now, Husam is an Assistant Professor at the Electronic and Communication Engineering/ University of Baghdad. His research interests are optical fiber communication systems, Visible Light Communications (VLC), LIFI, OCDMA, the Internet of things, embedded systems, sensor multiplexing techniques, nanomaterial-based sensors, and optical fiber gas sensor networks.

For further details, Dr. Husam research profiles are as follows:
